Additional District Information

The Lake Cumberland district determination is *Needs Assistance* for the fifth consecutive year. Due to the longstanding low performance the district determination was reduced to *Needs Intervention*.

Indicators 1, 7 and 8 are compliance indicators. The target is set by the Office of Special Education Programs (OSEP).

Indicators 2, 3, 4, 5 and 6 are performance indicators. These are a measure of the districts overall performance in several key areas. The targets were set by the state during the development of the State Performance Plan (SPP).

For Indicator 3, there were a total of 2033 children with two data points in the Kentucky Early Childhood Data System (KEDS) statewide. A total of 100 were from the Lake Cumberland district.

For Indicator 4, there were a total of 5352 family surveys were distributed statewide. A total of 263 were sent to families in the Lake Cumberland district. Of these, 88 were returned for a return rate of 33.46%.

A determination of *Needs Assistance 5 (Needs Intervention)* means that the district must continue to seek out targeted technical assistance and training resources on topics specific to the areas of noncompliance. This may include on-site technical assistance visits and monthly monitoring calls with the Point of Entry Manager and other key stakeholders.
